

ATTENTION: HAM RADIO ENTHUSIASTS!

We would like to invite you **off-roading** Hams to join us on our weekly "off roaders net" 146.73, no PL needed repeater, most of the time, 107.2 is the PL, on Mt. Palomar. This net is on Tuesday night at 9:00pm (2100 hrs). The net is a directed net, but you do not need to be a member of PARC to participate. We talk about anything related to off roading, camping, wheelin, rock hounding, mines, trails, maps, GPS, new trips, trip reports, photos, rigs, equipment, safety, places to get stuff, ham radio mobil use, repeaters, antennas, fixes, repairs. This is non-denominational net (drive what you have). You can check into the net and have nothing to add, just tell the net control. Hope to meet you on the air! July 27, 2010

Dick, Ka7ayt
